## About These Free Picks

**These Free Picks offer a limited preview of our approach — built through form study, pace analysis, and projected race shape.**

**They are designed to show how we think, not to provide a complete wagering plan.**

**No hype. No “locks.” Just structure.**

---

## What Premium Picks Include

**Premium Picks deliver the full version of our work:**

- **Track & surface-specific stats to identify bias and repeatable tendencies**
- **Key Horse Designators on all Saturday & Sunday cards**
  - **Key Horses are not “must-win” selections — they are the most reliable board-hitters in the field and serve as anchors for structured wagers**
- **Detailed race notes when needed, explaining why a horse has a legitimate shot — or why it doesn’t**
- **Full pace-shape breakdowns for early speed, pressers, and closers (Saturday & Sunday cards)**
- **Likely 1st-call leader when confidence is high (Saturday & Sunday cards)**
- **Cards updated after scratches and late changes**

**Premium Picks are built to provide context behind the numbers, not just the numbers themselves.**

## Weekly Coverage

**Premium subscribers receive approximately 13–18 cards per week, covering major circuits and playable races when conditions justify inclusion.**

**Quality over volume — every card exists for a reason.**

---

## Who Premium Picks Are For

**Premium Picks are for players who:**

- Want interpretation and structure, not just rankings**
- Value pace shape, matchup logic, and track tendencies alongside Fair Odds**
- Understand that some races require deeper context — and some don't**

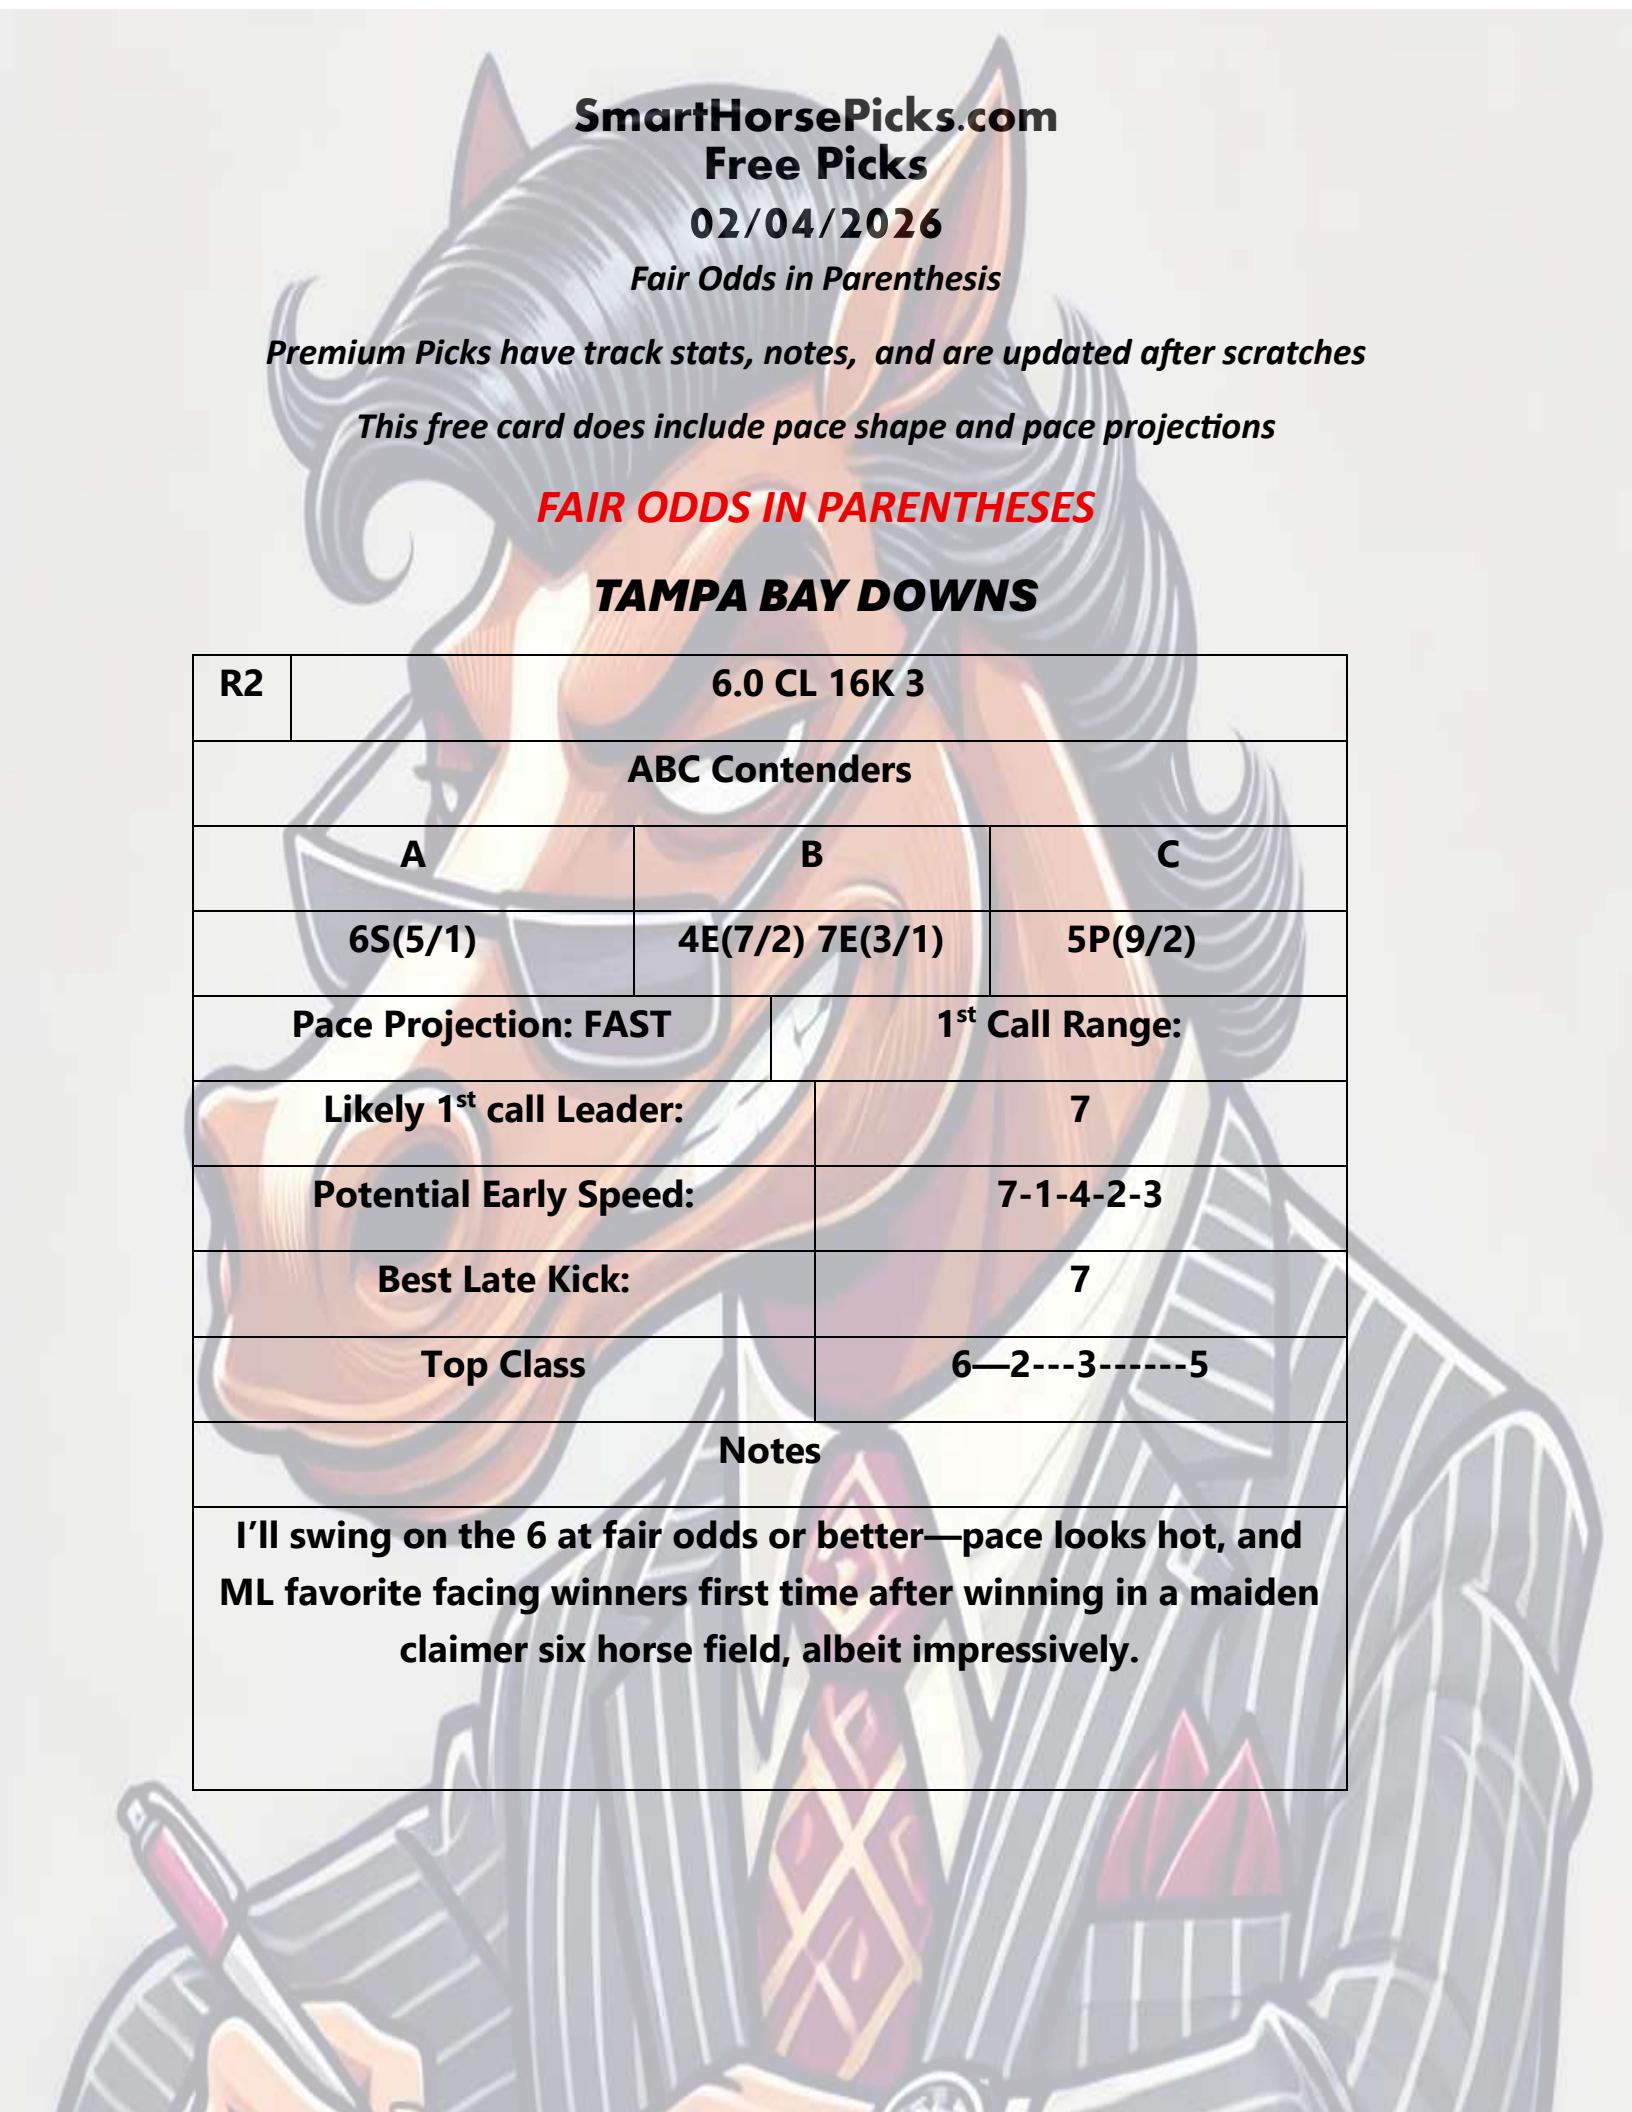

---

I'll swing on the 6 at fair odds or better—pace looks hot, and ML favorite facing winners first time after winning in a maiden claimer six horse field, albeit impressively.
